With its gentle sweep and excellent seat support, comfort is paramount in the Eiffel Chair's deceptively simple, nearly seam free design.

We have learned a great deal more about how best to support people in varied postures they adopt throughout the work day.

With this chair, we incorporated 16 years worth of technological and ergonomic enhancements to improve the health-positive design and widen the range of cross-performance capabilities. It comes with adjustable 4D armrests, Donati multi-functional mechanism. Eiffel with good design that is as wonderful as it is useful. And enable you to finish great things.
